

Let's write 0!

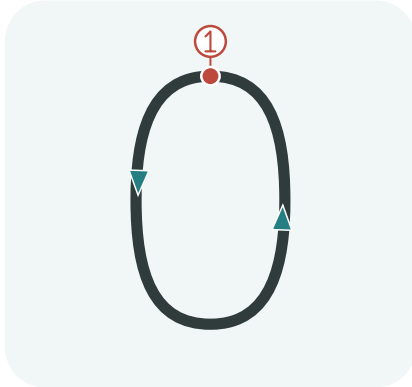

zero

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "zero". Point to 0.

Start at the top.

Go around to the left.

Keep going and close the loop.

Around and back to the start.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

--	--	--	--	--

3 Look, then copy

Use the first box as your model.

--	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Did I close my loop?

Circle one you like. Show your grown-up!

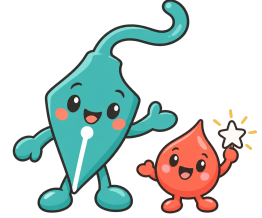

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 1!

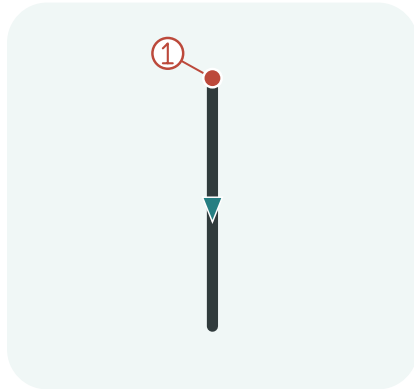

one

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "one". Point to 1.

Start at the top.

Pull straight down.

Stop at the bottom line.

One straight line down.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

--	--	--	--	--

3 Look, then copy

Use the first box as your model.

--	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Does my line go from top to bottom?

Circle one you like. Show your grown-up!

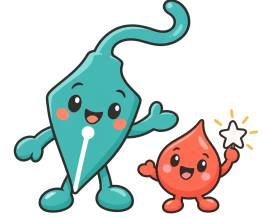

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 2!

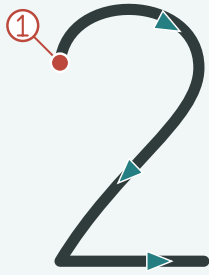

two

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "two". Point to 2.

Curve up and around.

Slide down to the left.

Go across the bottom to the right.

Curve, slide, then across.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

2	2	2	2	2
---	---	---	---	---

3 Look, then copy

Use the first box as your model.

2				
---	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Does my bottom line point to the right?

Circle one you like. Show your grown-up!

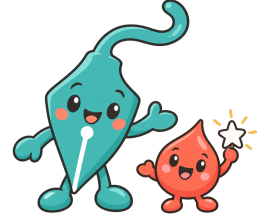

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 3!

three

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "three". Point to 3.

Start near the top left.

Curve around to the middle.

Curve around again to the bottom.

Two curves, open on the left.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

3	3	3	3	3
---	---	---	---	---

3 Look, then copy

Use the first box as your model.

3				
---	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Are both curves open on the left?

Circle one you like. Show your grown-up!

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 4!

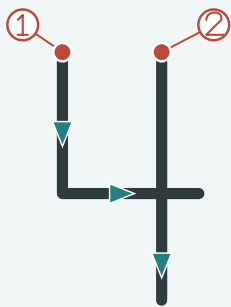

four

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "four". Point to 4.

1. Down, then across to the right.

Lift your pencil.

2. Start at the top. Pull straight down.

Down and across. Lift. Down.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

--	--	--	--	--

3 Look, then copy

Use the first box as your model.

--	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Do my two parts meet at the crossbar?

Circle one you like. Show your grown-up!

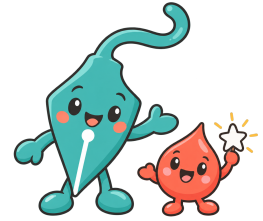

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 5!

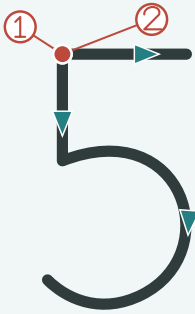

five

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "five". Point to 5.

1. Down, then curve around the bottom. Lift your pencil. Return to the first dot.
2. Go across the top to the right.

Down and around. Lift. Add the hat.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

5	5	5	5	5
---	---	---	---	---

3 Look, then copy

Use the first box as your model.

5				
---	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Did I add the straight top line?

Circle one you like. Show your grown-up!

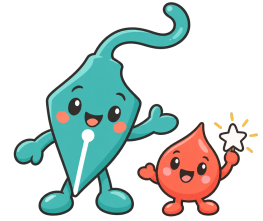

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 6!

six

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "six". Point to 6.

Start at the top right.

Curve down and around.

Curl up to close the bottom loop.

Curve down. Curl a loop below.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

--	--	--	--	--

3 Look, then copy

Use the first box as your model.

--	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Is my closed loop at the bottom?

Circle one you like. Show your grown-up!

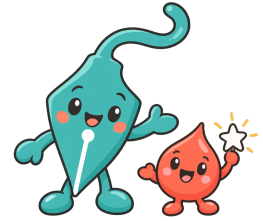

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 7!

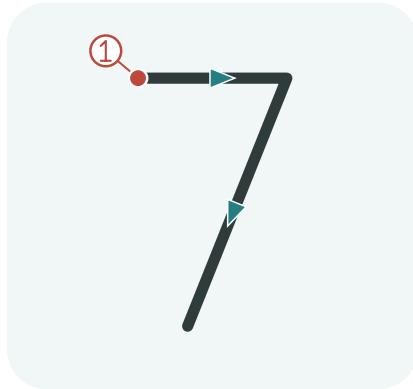

seven

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "seven". Point to 7.

Start at the top left.

Go across to the right.

Slant down to the left.

Across, then slant down.

Filled dot = start. Arrow = direction.

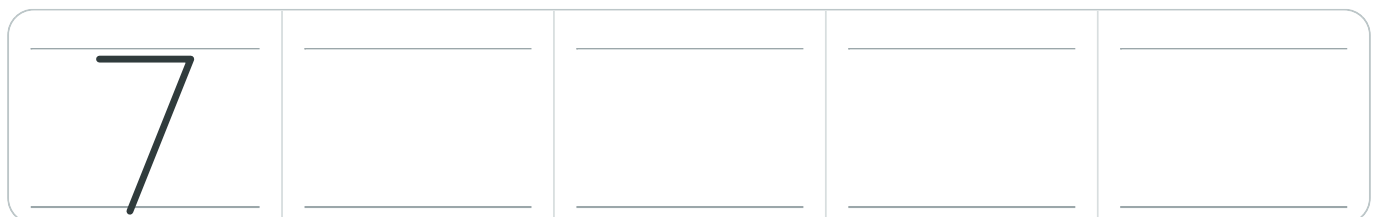

2 Trace a few

Follow the same path.

3 Look, then copy

Use the first box as your model.

4 Your turn!

Cover the models above with paper.

Does my slant come down from the top right?

Circle one you like. Show your grown-up!

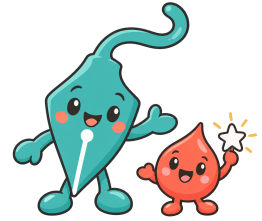

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 8!

eight

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "eight". Point to 8.

Curve left, then cross the middle.

Loop around the bottom and cross again.

Curve around the top to meet the start.

Keep going: two loops, one line.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

--	--	--	--	--

3 Look, then copy

Use the first box as your model.

--	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Are both loops closed at the middle?

Circle one you like. Show your grown-up!

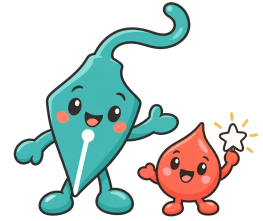

I tried!

A few careful tries are enough. You do not need to fill every box.

Let's write 9!

nine

Watch. Trace. Copy. Have a go!

1 Watch with Nib

Grown-up: show the path first.

Say "nine". Point to 9.

Start near the top right.

Go around to the left and close the loop.

From the same point, pull down.

Loop at the top, then down.

Filled dot = start. Arrow = direction.

2 Trace a few

Follow the same path.

--	--	--	--	--

3 Look, then copy

Use the first box as your model.

--	--	--	--	--

4 Your turn!

Cover the models above with paper.

--	--	--	--	--

Is my closed loop at the top?

Circle one you like. Show your grown-up!

I tried!

A few careful tries are enough. You do not need to fill every box.
